

Press Release Milton Keynes Career Exhibition

The bi-annual Milton Keynes career exhibition is regularly attended and supported by Active Resourcing. Pictured above are Director, Robert Horner (left) and Managing Director, Paul Preston (right).

Robert commented: "The career exhibition gives jobseekers immediate, face-to-face access to employers and a range of recruitment firms. These events are generally well attended and we often have a queue of people waiting to speak to us. It's also a good opportunity for recruiters to network and establish contacts in other recruitment firms".

In addition to the Milton Keynes career exhibition, Active Resourcing also attends similar events within the Northamptonshire and Bedfordshire regions, where Active's other offices are located.
